

PREMIUM
BLADE MASTER

Oval Styles

LIFETIME WARRANTY*

Our Premium **Blade Master**, has never dented or bent as with the thinner dish type blade carriers. **Blade Master** is the best design in the industry when it comes to reliable operation in the field. Should you accidentally hit something in the field you will have the 1/2" thick plate steel blade carrier to get you through with no damage to the cutter or its components.

Constructed of 1/2" plate steel with splined hub. Hub is welded to top and bottom of carrier for strength and to protect your drive train from damage during field operation.

Why settle for what others call the "*stump jumper*". Get the one that really takes the toughest of your cutting needs without damage to the blade carrier or drive train, **Blade Master**.
